

The screenshot shows a Windows Internet Explorer browser window displaying a blog post on the HTML.it website. The browser's address bar shows the URL <http://blog.html.it/tag/ideamocracy/>. The page features a green header with the 'edit' logo and a navigation menu. The main content area displays a post by Claudio Garau, dated Thursday, April 21, 2011, at 09:21. The post title is 'Ideamocracy: proponi un'app per la PA e vinci soldi o un iPad'. The text describes the Ideamocracy contest, which is sponsored by the Emilia-Romagna Region. The sidebar on the left contains sections for 'Oggi su HTML.it' (Today on HTML.it) with various software and tool recommendations, 'Webnews' (Web news) with recent news items, and 'Ultime dal forum' (Latest from the forum). The right sidebar includes social media links for RSS, Facebook, and a newsletter, an 'Info' section about the blog, a search bar, a 'Network oneBlog' section listing other blogs, and an 'Argomenti' (Topics) section with various categories.
